

K-LOVE is an important part of my life. They provide local, community calendar events several times a day. This provides me the opportunity to participate in a variety of activities I can safely attend with family, and friends. If K-LOVE was displaced by a LPFM broadcaster I would no longer have this option. The fact that anyone of any age can safely listen to K-LOVE without fear of foul language, sexual innuendo, racy advertisements, D.J.'s who test the limits of every moral value we try to instill in our kids, music that actually tells us to hate police/parents/women/different races, is enough in and of itself to keep K-LOVE on the air. Please do not expand these LPFM stations at the expense of K-LOVE. We need as much Godly, clean, moral, Christian influence as we can have in our world today. I appreciate your sincere consideration, and will be praying for you all in this crucial decision. Thank you.
